FROM C. E. BUCKLAND, ESQ.,

Offg. Secretary to the Board of Revenue, L.P.,

TO THE SECRETARY TO THE GOVERNMENT OF BENGAL,

FINANCIAL DEPARTMENT.

Dated Calcutta, the 30th July 1883.

STATIONERY.

SIR,

I AM directed by the Board of Revenue to submit the following report on the working of the Stationery Department in the year 1882-83, so far as the transactions affect the Government of Bengal, together with the statements noted below:—

H. A. COCKERELL, ESQ., C.S.I.

A.—Comparative statement showing the quantity and value of each article of stationery issued in the years 1881-82 and 1882-83;

B.—Comparative statement of the charges on account of the total issues of stationery, contingencies, establishment, local purchases, and receipts, for the year 1882-83;

C.—Statement showing the quantity and cost of Bally moonj, badami, brown cartridge, white cartridge, coloured, and blotting paper, and envelopes issued in 1882-83, in place of English papers and envelopes of the same size and description, and the saving effected;

D.—Comparative statement showing the increase and decrease of the total value (not being less than Rs. 100 per annum) of stationery supplied to each office under the Government of Bengal.

2. In paragraph 2 of the Board's report for 1881-82, it was observed that the system of obtaining European stores through the Secretary of State had been reverted to, under the orders of Government, from the commencement of 1882-83, *i.e.*, the year now under review.

3. *Statement A.*—This statement exhibits the total quantity and value of each article of stationery issued from the Calcutta Store to offices in Bengal, as well as to the Government of India and other provinces.

The net result shown by this statement is a decline of Rs. 92,722 in the total value of stationery issued in 1882-83, as compared with the issues in the preceding year. For the purposes of comparison, the rates which prevailed in 1881-82 under the local contract system have been adopted. Although the greater part of the stores used since April 1882 was obtained through the India Office, the invoices were not received until some time after the beginning of the year. The price list of 1881-82 consequently, in accordance with the Comptroller-General's instructions, remained in force. The Superintendent of Stationery has observed that whatever saving is apparent, therefore, arises from reduced consumption and smaller issues, or from the use of less expensive qualities of paper, &c., due in some measure to the orders of Government referred to in paragraph 15 of the Board's report for the year 1881-82. The diminution in the value of issues is, as shown in the following abstract, on account of drawing paper (Europe), writing paper, printing paper, coloured paper, drawing materials, writing materials, book-binding materials, bound books, arsenicated

paper, and, under the head "miscellaneous," as well as water-marked paper; while there is an increase in Bally badami, or unbleached paper, and in the class of "other paper":—

Class of articles.	Value of issues in 1881-82.	Value of issues in 1882-83.	Increase.	Decrease.
	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.

Net decrease ...	.....	.....	.....	92,721 9 8 or 92,722 0 0

4. The Superintendent of Stationery submits the following explanations regarding the items of increase and decrease in the foregoing statement:—

(1.) The increase in regard to Bally badami, or unbleached paper, used principally for printing forms, amounts to Rs. 40,416. The Superintendent reports that the advantage gained by the use of the several kinds of papers obtained from the Bally mills in the year under review amounts to not less than Rs. 80,707.

(2.) In the class of "other paper" is included carbonic paper, specially required by the Telegraph Department, which has caused an increase.

(3.) The decrease under the head drawing paper is accounted for by indents for smaller quantities from the Survey and Public Works Departments. It appears that antiquarian and mounted section paper were in greater request; but the stock being exhausted in January last, several demands, which might have made up the deficiency, could not be satisfied during the year.

(4.) Writing paper exhibits a decrease of Rs. 25,680, which is not due to any reduced demand. The late arrival from England of cream-wove foolscap, the stock of which had been completely exhausted, kept back a large number of indents beyond the close of the year. But, nevertheless, a considerable portion of the saving is due to the use of white cartridge, chiefly from the Bally mills, in place of blue-laid book paper, which again has displaced the more expensive hand-made paper in which there is a reduced consumption of 1,243 reams.

(5.) Printing paper shows a diminution of Rs. 53,853, representing the value of 13,161 reams displaced by Bally paper. The value of the English printing paper issued to the several Government presses during the year was as follows, giving a decrease, as compared with the previous year, of Rs. 76,716:—

Presses.	Issues in 1881-82.		Issues in 1882-83.		Increase.	Decrease.
	Rms.	Rs.	Rms.	Rs.	Rs.	Rs.
Government of India	30,952	1,79,240	18,390	1,07,498	.....	71,742
Ditto Bengal	39,765	1,92,300	19,043	1,18,863	.....	73,437
Ditto North-Western Provinces and Oudh ...	7,257	38,853	12,617	62,922	24,069	.....
Ditto Punjab	3,737	29,927	3,072	16,592	.....	13,335
Ditto Central Provinces	.....	.....	860	4,110	4,110	.....
Ditto Assam	300	1,319	305	1,352	33	.....
Ditto British Burmah	1,720	8,326	3,804	25,619	17,293	.....
Postal Press, Aligurh	6,785	42,125	9,962	78,418	36,293	.....
Total ...	.....	4,92,090	.....	4,15,374	.....	Net 76,716

(6.) The value of coloured paper issued in 1882-83 has diminished by Rs. 26,411, owing to the Allahabad and Alighur Presses especially having very much curtailed their demands for supplies.

(7.) The decrease of Rs. 525 under the head of drawing materials is due to smaller demands from the Railway Extension and Survey Branches.

(8.) In writing materials there is a reduction of Rs. 5,582, which is partly caused by the stock of some of the articles having been indented for in smaller quantities from England in expectation of their being readily manufactured in this country, in which the Superintendent of Stationery states he has been somewhat disappointed. Supplies on a large number of indents were consequently withheld.

(9.) Book-binding materials exhibit a decrease of Rs. 2,728, owing, in some measure, to the contractor for country leather having failed to supply skins required in excess of the quantity contracted for, near the close of the year, which delayed compliance with several large indents. Kharooa cloth was also used in smaller quantities.

(10.) Bound books show a decrease of Rs. 8,476, which is ascribed chiefly to English bound books of blue-laid paper being strictly limited to the Account offices only, and to the discontinuance of quarto memorandum books under the Superintendent's recent recommendations. Country bound books of cream-wove or printing paper have been largely substituted with beneficial effect.

(11.) *Miscellaneous.*—There is a net decrease to the extent of Rs. 5,431. The articles in which this saving is most apparent are gum-arabic and sealing-wax, which were in less demand by the Railways. Of the latter also a cheaper description of black wax, instead of red, was supplied for sealing wagons. The issue of candles was being gradually discontinued. Wax-cloth was less used in the Stationery Office, a cheaper mode of packing parcels in dammered canvas being tried. Antimony and pig-lead for type were required in smaller quantities by the North-West and Alighur Presses, and lithographic stones by the Curator, Punjab Book Depôt. A deficiency in the provision of country red tape ordered to be procured in place of English tape, which had been struck out of the Indent, likewise caused many requisitions to be unsupplied.

(12.) *Arsenicated paper.*—The quantity taken last year from the Cuttack Jail was considerably lower than in the previous year, owing to complaints of its inferiority; but paper of a better kind has now been produced by new machinery, and at a slightly cheaper rate than Bally paper.

(13.) As hundi stamps in sheets have been introduced during the past year, the consumption of water-marked paper used for hundis or bills-of-exchange, and for treasury purposes, has fallen off by 103 reams.

The Superintendent observes that though the figures afford indication of the partial abandonment of the more expensive paper and the substitution of country-made paper to a larger extent, there is still, however, reason to believe that sufficient discrimination is not shown in some departments, especially the Military in employing blue-laid and cream-wove paper for permanent and important records. He states that he has endeavoured to exercise some check in this respect, but there are still numberless forms, such as those noted on the margin, in which no departure from the accustomed superior English paper is permitted, many of the forms being of the most ephemeral character.

Indents for stores, &c.
Ration lists.
Review certificates.
First-pay ditto.
Oil ditto.
Butchery statistics.
Bakery ditto.
Railway credit notes.
Printed letter forms.
Guard reports.

5. *Statement B.*—In addition to the expenditure under the head "stationery issued," this statement shows local purchases, cost of establishment, contingencies, and receipts from the sale of stationery and of waste papers, &c. The amount of charges shown on account of stationery issued agrees with the totals in statement "A." The decrease of Rs. 9,70,397 in regard to Europe articles procured under contract is accounted for by the arrangement under which Europe stores are now procured from England. English articles were purchased in the market to the extent of Rs. 18,907, being in excess of the purchases in the previous year by Rs. 6,112. The purchases were necessitated by the urgent and unexpected demands of officers who had sent in no previous estimates of their special requirements, or to replenish stock which was exhausted, pending arrival of fresh supplies. Country articles were obtained under regular annual contracts for which tenders were invited, and some others were purchased as required. The total amount, Rs. 3,65,714, is larger by Rs. 94,576 than in the previous year, the requisitions being greater; but the prices generally were more favourable.

6. The cost of establishment shows a small increase of Rs. 719, in consequence of the usual annual increments drawn by clerks in the Superintendent's office, and also of an allowance of Rs. 50 per mensem to the Assistant Superintendent for visiting the Presidency Jail Press in connection with the Form Branch, sanctioned by Government order No. 61, dated 23rd November 1882. The Superintendent has represented that the revision of his establishment is very desirable. It is probable that a redistribution of work or a better arrangement of departments or branches in the office will conduce to greater efficiency and despatch of business. The Superintendent has been called upon to submit a well-considered and full report on the subject.

7. The charges for contingencies were reduced by Rs. 3,762. The occupation of hired godowns ceased, a temporary charge of Rs. 416 only under this head being entered, and an expense, which at one time amounted annually to upwards of Rs. 10,000, was thus, the Superintendent states, avoided during the year under report by accommodation for stationery stores being temporarily allowed in the Custom House and other Government buildings. Packing-cases cost less by Rs. 1,727, owing to cheaper rates obtained by competition. In cooly hire, freight, and other contingencies, an increase of Rs. 2,567 was caused by the despatch, payment of freight of a larger number of packages, and the removal of stock from the vacated godowns. Fifty godown horses, at a cost of Rs. 900, were also provided.

8. The receipts, including commission at 10 per cent, on account of stationery supplied to officers not entitled to supplies free of charge, exceeded those in the preceding year by Rs. 1,150. A total sum of Rs. 2,294 was realized by the sale of unserviceable stores, waste papers, &c., showing a reduction of Rs. 524, as compared with the receipts of the previous year. As, however, prices were low, the accumulations of two or three months were not sold till the month of May, falling within the present official year.

9. *Statement C.*—This statement shows the several kinds of papers, viz. badami or unbleached, white cartridge, half bleached cartridge, brown cartridge, coloured (yellow, red or pink), white blotting paper, and envelopes, obtained from the Bally Mills, with their actual cost, and the saving arrived at by comparison with the estimated price of English paper of different kinds for which Bally Mill paper has been substituted so far as possible. The total cost of the several kinds of Bally paper is Rs. 2,80,228 in the year under review, as compared with Rs. 2,04,786 in the preceding year; and the advantage gained with reference to the value of English paper and envelopes displaced is Rs. 80,707. The Superintendent of Stationery reports that the quality of the Bally paper has been improving, and he thinks that the prejudice against it, as regards colour only, will gradually subside.

10. *Statement D.*—The total expenditure for stationery supplied to officers under the Government of Bengal amounted to Rs. 4,95,701 in the year of report, as compared with Rs. 5,51,640 in the previous year, indicating a reduction of Rs. 55,939. There is, the Superintendent reports, a general abatement in the averages, while there are no marked differences above the results of the previous year which call for special notice, though the disparity

between the highest and the lowest in the same class of offices still appears great. The charges are grouped as follows:—

Departments.	1881-82.	1882-83.	Increase.	Decrease.
	Rs.	Rs.	Rs.	Rs.
Law and Justice	21,907	21,030	.....	877
Administration	6,793	7,500	707	.....

Registration	4,417	4,774	357	.....
Forests	292	313	21	.....
Customs	2,223	1,878	.....	345
Police, Inspector-General	583	437	.....	146
Jail	284	396	112	.....
Education	1,138	1,157	19	.....
Marine	291	293	2	.....
Opium	338	206	.....	132
Medical	697	755	58	.....
Minor departments	1,501	2,325	824	.....
Public Works, Ordinary	5,721	7,100	1,379	.....
Ditto, Irrigation	5,955	6,703	748	.....
Ditto, Military	281	515	234	.....
Provincial State Railways	8,659	8,040	.....	619
Stationery and Printing	4,46,561	3,97,591	.....	48,970
Wards	.....	437	437	.....
Public Works Cess	.....	158	158	.....
Vernacular	.....	870	870	.....
Offices below 100	23,556	14,044	.....	9,512
Total ...	5,51,640	4,95,701	5,926	61,865

11. The Wards and Public Cess Departments contribute their quota of the expenditure of Rs. 595, which is adjusted by the Comptroller-General; to this are to be added Rs. 870 contributed by the Vernacular Department for country stationery supplied to the several offices that have indented, the amount of which is deducted from the contingent allowances. The Superintendent in the first instance addressed a circular, approved by the Board, to Collectors and Magistrates, calling their attention to the advantage of procuring their supplies for the Vernacular Department from the Stationery Office, and several officers have availed themselves of the arrangement.

12. From the statement below, it will be observed that the value of stationery issued for Provincial Services has increased by Rs. 1,36,096 and that for Imperial Services by Rs. 7,499, making a total of Rs. 1,43,595:—

Government.	Value of stationery issued in 1881-82.	Value of stationery issued in 1882-83.	Increase.	Decrease.
Provincial Services.	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.
Bengal	4,30,284 2 0	4,94,782 1 0	58,497 15 0	.....
North-Western Provinces and Oudh	1,08,630 7 0	1,43,630 15 0	34,994 8 0	.....
Punjab	57,218 3 0	58,967 0 0	1,748 13 0	.....
Assam	11,486 5 0	16,856 1 0	5,369 12 0	.....
British Burmah	32,631 2 0	64,504 8 0	31,873 6 0	.....
Central Provinces	17,714 14 0	21,237 15 0	3,523 1 0	.....
Madras	38 2 0	.....	.....	38 2 0
Bombay	591 2 0	717 0 0	126 7 0	.....
Total ...	6,64,600 5 0	8,00,696 1 0	1,36,783 14 0	38 2 0
Imperial Services.				
Imperial Departments of the Government of India and Central India	7,11,904 14 0	7,19,404 1 0	7,499 3 0	.....
Grand Total ...	13,76,505 3 0	15,20,100 2 0	1,43,633 1 0	38 2 0

The Superintendent explains that the above statement does not include figures on account of (1) salt boat-notes, and (2) supplies to Public Works officers in the Military Department, entered in statement "D" for Bengal. He also states as follows:—

"The total for 1881-82 has been reduced by Rs. 2,32,149 in Bengal and other provinces, according to the Comptroller-General's instructions to recoup overcharges in the preceding years, which accounts for the apparent increase in 1882-83."

13. In paragraph 13 of the Board's report for 1881-82, it was stated that the subject of the transfer of the Form-store from the Stationery Office to the Presidency Jail had been under the careful consideration of the Board during the year, and that arrangements had been made, and a set of rules framed,

which it was hoped would remove all cause of complaint on the part of the press or other departments concerned. The Superintendent has now reported as follows:—

"The recommendations of the committee appointed by Government in March 1881 to consider certain proposals for improving the state of the Form Department have been more fully carried out during the past year. Rules for the regular and complete submission of indents by the officers of the various departments at fixed dates have been framed and approved by Government, and these, I am glad to remark, have been more strictly observed. Hence the work, both of indenting on the Presidency Jail Press and of distributing the forms, has been more systematically performed, and there have been no complaints from the press or from indenting officers. Any delay that has taken place has been owing to the remissness of officers themselves, and to the unavoidable interruption caused by the revision of old and introduction of fresh forms. Three entirely new sections have been added since the last report."

14. The number of forms printed and issued last year, and in each of the three previous years, is shown in the following statement, the larger number in 1881-82 being accounted for by the census operations:—

Years.	Number of Indenting Departments.	Number of standard forms.	Number of copies printed and issued.
1879-80	32	3,746	61,876,000
1880-81	38	5,088	76,532,500
1881-82	39	5,374	97,491,000
1882-83	42	6,058	86,823,000

The total number of indents received and complied with in 1882-83 was 6,583. In the number of copies issued during the same year are included 1,86,867 books. The Superintendent observes that the binding of these creates a very heavy item of expense and labour, and that a great many are only in sheets of 25, 50, and 100. He has lately addressed several of the departments, concerned, pointing out the saving of expense that may be effected by increasing the sheets to 100 and 200 according to size, leaving all below these numbers to be stitched merely in paper covers.

15. In paragraph 14 of the Board's report for 1881-82, it was stated that the necessary orders had been issued with a view of improving the efficiency of the check in regard to the receipts from the sale of books and forms by local officers, and the disposal of old and useless stores by the Superintendent of Stationery. The Superintendent reports that out of 114 officers addressed, 92 have sent in returns, from which it appears that Rs. 4,859-12-9 were realized in the year of report on account of the forms marginally noted. In addition to that amount, Rs. 32,837 were, it appears, realized and paid into the district treasuries for forms supplied to the various local funds, of which an account is kept in the Stationery Office and rendered monthly to the Accountant-General.
